

THE BUTTERY

ROLE TITLE: Clinical Lead

LOCATION: Northern Rivers

About the role

The Buttery's Community Safe Haven Pop-Up Program (CSHPP) provides immediate, trauma-informed, and person-centred care to the community in Lismore, Mullumbimby, Murwillumbah and Woodburn. As a Clinical Lead with us, you will get to lead a multidisciplinary team to provide integrated person-centred, trauma-informed support. Using evidence-based frameworks and training programs, the Safe Haven Program's range of services include: suicide prevention; crisis response; counselling; connection case management; referrals and structured support to address ongoing needs, including mental health, drug and alcohol issues, housing, finances, relationships, employment, disaster recovery initiatives and supports.

Hours and location: This role is 38 hours a week. The hours are flexible and can be negotiated to fit in with your lifestyle and commitments and so you can make the most of the 6 weeks of paid annual leave we offer pro rata. It is a hybrid role offering options to work from home and in the four safe havens. A pool car is available during working hours for travel between the sites at Lismore, Mullumbimby, Murwillumbah and Woodburn.

About you: Selection Criteria

1. Tertiary qualifications in Psychology, Nursing, Social Work, Occupational Therapy or relevant discipline and current unrestricted registration with the Australian Health Practitioners Regulation Agency (AHPRA) and/or Australian Counselling Association (ACA).
2. A current valid manual Driver's Licence, COVID vaccination, satisfactory current Criminal Record Check and Working with Children Check and a First Aid certificate are mandatory prior to commencement.
3. Significant experience in leading a multidisciplinary mental health team or relevant clinical experience demonstrating capacity to take on a role as a Clinical Lead, supervising staff, forging community and other agency partnerships and the ability to lead a team of experts in peer support, case management and clinical support
4. Understanding of trauma informed care and experience in the management of suicidality, assessment and advanced clinical risk mitigation
5. Demonstrated experience in program development, implementation, co-design, monitoring and evaluation.
6. Established networks and relationships with a range of services in the local area.
