

THE BUTTERY

ROLE TITLE: Specialist Mental Health Clinician

LOCATION: Kempsey

About the role: As a Specialist Mental Health Clinician with us, you will get to use your qualifications and experience in mental health support to facilitate clinical governance direction, support and oversight in collaboration with the LHD Clinical Lead.

The HASI+ Specialist Mental Health Clinician works in close partnership with the Local Health District (LHD) HASI+ Clinical Lead and wider New South Wales Mental Health staff. Reporting to the Program Manager, this senior role will also provide training and education to HASI+ staff and develop and implement diversional therapy strategies and programs.

You'll have the unique opportunity to provide personalized clinical and psychosocial support to a small group of up to 10 participants.

Hours and location: Based in Kempsey, this is a full-time role for 76 hours per fortnight from Monday-Friday. A Tuesday-Saturday schedule is available with negotiation and penalty rates are applicable to Saturday work. There is no night shift work required. The role is funded until 30th June 2027 with potential for extension.

About you: Selection Criteria

Qualifications and checks

1. University level qualifications or higher in Counselling, Mental Health Nursing, Social Work or Psychology with membership of a peak body such as AHPRA, AASW, ACA or PACFA.
2. Current driver's licence, a satisfactory Criminal Record Check and Working with Children Check

Professional skills and experience

3. A minimum of five years' experience working as a professional in a mental health care setting proactively case managing co-morbidly of participants with mental and physical health conditions
4. Knowledge and understanding of evidence-based interventions and contemporary therapies of the treatment and management of mental health disorders
5. Experience training and supporting other staff with best practice clinical methodologies.
6. Demonstrated high proficiency using the Microsoft suite, a variety of databases and video conferencing applications
